When you are faced with challenging times, don't try to find short cuts to deal with them. Deal with them as they are and as you are. Embrace it. This is how we are strengthened.
-Anathi

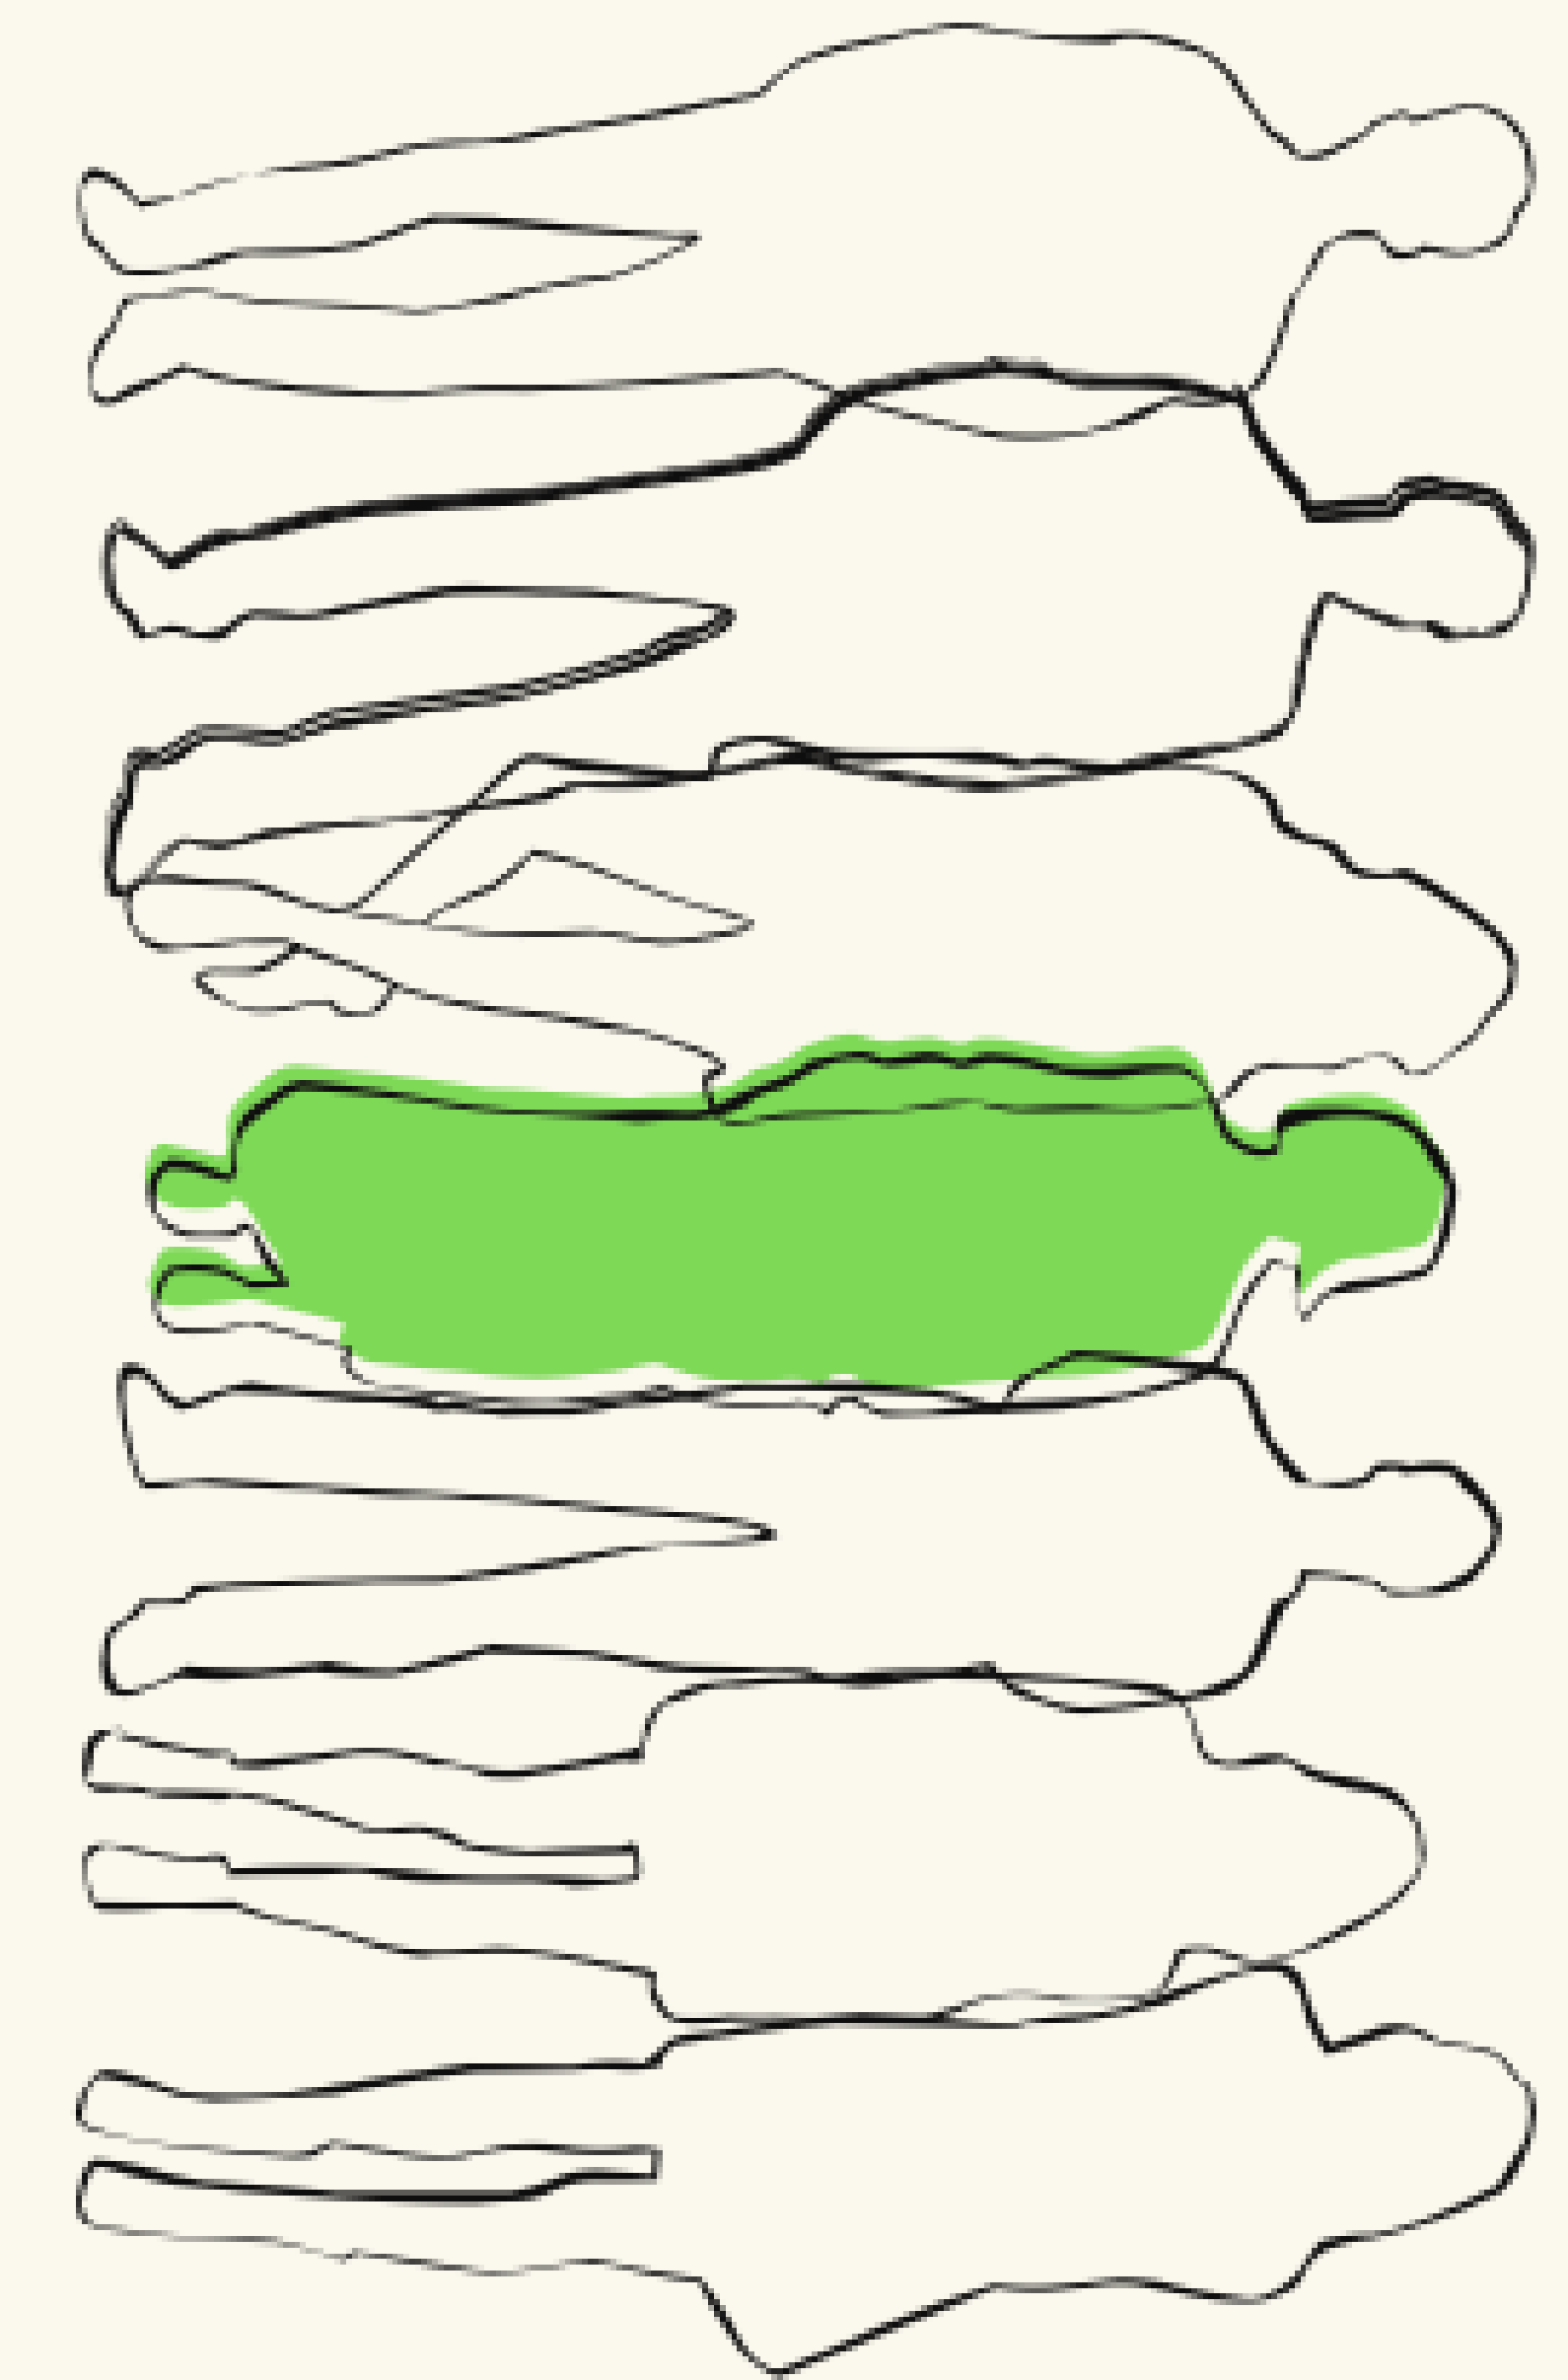

Initially, I had no clue of what I wanted to be, I just knew that I wanted to obtain a degree and strive to be the best that I can be. Little did I know of the joy of making a difference in another person's life. I discovered this while studying Psychology. In obtaining this degree Masinyusane was helping me tirelessly and I'm genuinely grateful to each and everyone of you!
-Thando

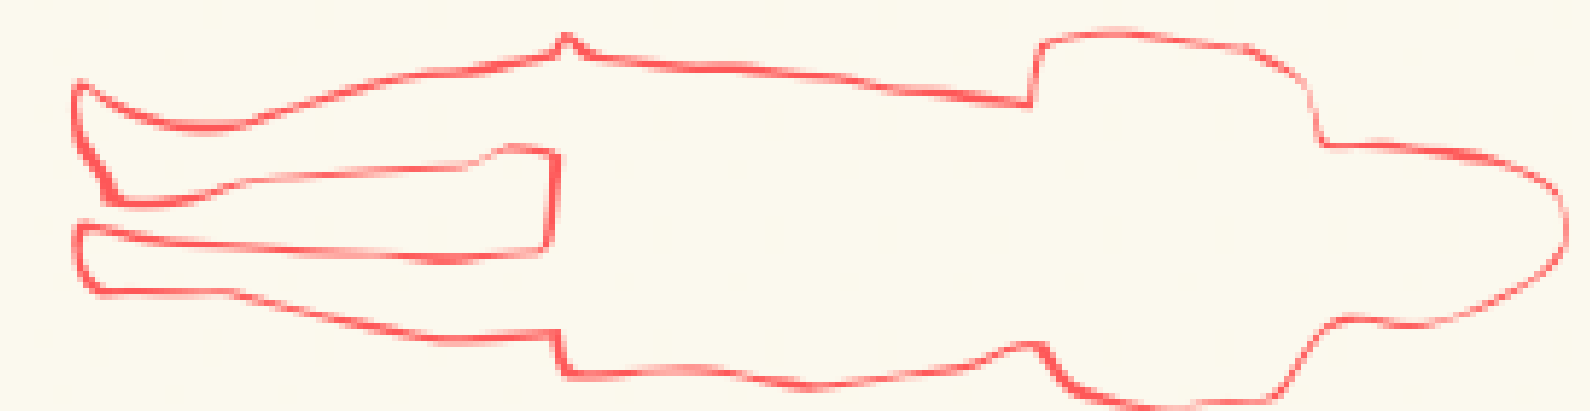

Dare to be different. The world is full of the ordinary.
I am forever grateful for the support of my family and
Masinyusane.
–Direko

I've always been my mothers's advocate. Getting a law
degree is a confirmation for my greatest calling - advocating
for the voiceless. My biggest motivation was providing a better
life for my family and setting a bar for my younger siblings. I am
the first graduate in my family, I had to open that door for
generations to come. Masinyusane is an organisation that lives
up to it's name. When we are down and under, Masinyusane
goes all out to help lift us up - turning frowns into smiles one
student at a time.
